1 Overview

Two training sessions were held at the California Energy Commission for MAEDBS. The first session was held on April 1, 2015 from 12:30pm-4:30pm and the second session was held on April 6, 2015 from 8:00am-12:00pm. Each session discussed and walked through the following topics: Introduction, Validation Rules, Create and Submit Data Submittals, Create and Submit Applications, Processing, Public Search, Account Management/Reports and Enforcement. The following CEC Staff participated in the training sessions: Carolyn McCormack, Ben Fischel, Christine Awtrey, Betty Chrisman, John Nuffer, Bruce Helft, Maunee Berenstein and Consuelo Martinez.

1.1 Goals
The goal of the MAEDBS Training Manual is to provide a quick reference guide to the functions of MAEDBS. This training manual has been designed to guide the user through a simple step-by-step process of completing different application processing tasks.

In this manual, users will learn how to:

- Create an External Account
- Add Users to the Company Account
- Recover User ID and Password
- Submit Appliance Information
- Submit Approval Application
- Review Submittal Information
- Staff Entry of Submittal Information
- Staff Processing of Submittals & Applications
- Search for Information
- Account Management
- Enforcement
- Generate Reports
- Validate Rules
- Update Master Data

1.2 Assumptions
It is assumed that those who use this quick reference guide meet the below criteria prior to use of the guide:

- Have a thorough understanding of CEC business processes specific to their job.
- Have a basic, working knowledge of a Windows/ GUI environment (e.g., using computer mouse) and familiarity with computer usage terms: click, double click, field, select, copy, paste, drop-down, drag-and-drop, scrolling, cursor, (mouse) pointer, save, delete, cancel, and clear.
2 Non-CEC Staff Layout

2.1 External Login – Select Company Type
When a company is added to the MAEDBS system, company type is selected in the account creation process. The company can be a Manufacturer, Test Lab and/or 3rd Party Certifier. Their account can include any or all of the company types. This selection is important because if multiple company types are selected, then every time they log in to the system, they will need to select which company type they will be acting as to do their business.

![Company Login]

2.2 Global Home Tab
Once the company has logged in and selected the Company Type, the Home Page is displayed.

![Global Home Tab]
2.2.1 Manufacturer Home Page

If the Company Type selected was “Manufacturer”, then the following Home Page displays:
### 2.2.2 Test Lab Home Page

If the Company Type selected was “Test Lab”, then the following Home Page displays:

![Test Laboratory Home](image)

2.2.3 3rd Party Certifier Home Page

If the Company Type selected was “3rd Party Certifier”, then the following Home Page displays:

![3rd Party Certifier Home Page](image)

2.3 Global Applications Tab

Hover over the applications button to view and access application types that are available to the user for submission. The type of applications available to the user will differ based on company type selected at login.

![Global Applications Tab](image)
2.3.1 Manufacturer Applications Tab Options

- Submit Appliance Data
- Delegation of Authority Application

2.3.2 Test Lab Applications Tab Options

- Test Laboratory Application

2.3.3 3rd Party Applications Tab Options

- Submit Appliance Data
- Third Party Certifier Application
2.4  **Global ACCT MGMT Tab**
Hover over the acct mgmt button to view options related to appliance search, advanced search, company information and profile information.

2.4.1  **ACCT MGMT Tab Options**

- Appliance Search
- Advanced Search
- Company Information
- My Profile
3 CEC Staff Layout

The following screen shot displays each global tab option available to CEC Staff users:

![CEC Staff Layout](image)

**Home:** Hover over the home button to select “Staff Home Page”, this will allow a user to navigate back to the logged in user’s account home page.

**Applications:** Hover over the applications button to view and access different application types that staff can submit on behalf of a company as well as the ability to submit appliance data on behalf of a company.

**Validations:** Hover over the validations button to view options relating to the management of business rules, master data and decision order.

**ACCT MGMT:** Hover over the acct mgmt button to view options related to appliance search, advanced search, user search, company search, company information and profile information.

**Enforcement:** Hover over the enforcement button to view and search a current list of enforcement files, edit an existing file, or create a new file.

**Reports:** Hover over the reports button to view the types of canned reports that can be generated by staff.
3.1 CEC Staff Home Page View

CEC staff will have access to the following tabs: the Submittal tab this is the master view of all appliance data that has been submitted for certification and is ready to be reviewed by CEC staff. The Applications tab has a master view of all Third Party Applications and Test Laboratory Applications that have been submitted for CEC staff approval. The Delegations tab displays all Delegations of Authority that have been submitted by manufacturer accounts. The Notifications tab provides a list of communications to external accounts. The Account Approvals tab displays all new company account requests awaiting processing by CEC staff.
## 4 Reference Guide

### 4.1 Creating an External Account

#### 4.1.1 Enter Company and User Information

To create a new company account follow these steps:

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Click the “Register New Account” button located on bottom left of the homepage screen.</td>
</tr>
<tr>
<td>2. Input company information in the fields provided. Be sure to select all company types that apply.</td>
</tr>
<tr>
<td>3. Click the “Create User” button in the bottom right of the screen.</td>
</tr>
</tbody>
</table>
4. Enter user information in the fields provided, including a unique User ID.

5. Click “Save” button in the top right corner of the screen.

Note: After clicking “Save” the system will display the note shown below. You will receive an email that confirms your submittal of information and requests validation of the user email address.

6. Open the email sent from the system and click on the link to validate your email address.

7. Click the “Confirm Email” button.

8. After confirming the email address a message will be displayed to inform the user that the email was successfully validated.
4.1.2 Complete Account Registration

Once CEC staff members have approved the company account, the user will receive an email informing them that their account is active and they can now login to the system with their User ID and temporary password.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Referring to the confirmation email received from the system, enter User ID and the temporary password in the fields provided.</td>
</tr>
<tr>
<td>2. Check the box for Conditions of Use and Privacy Policy.</td>
</tr>
<tr>
<td>3. Click on the “Sign In” button to sign in and begin the process of completing the account registration.</td>
</tr>
<tr>
<td>4. Confirm that information listed on the “My Profile” page is correct.</td>
</tr>
<tr>
<td>5. Enter the temporary password provided as well as new password information that meets the password requirements displayed on the screen.</td>
</tr>
</tbody>
</table>
Steps to Complete Process

   Note: Be sure to retain these answers as they will be used to retrieve your ID & password should you forget them.

7. Check the box indicating agreement to the Privacy Statement and the Terms of Usage.

8. Click the “Save” button in the top right corner of the screen.

9. If you are the company user who will be adding other users from your company to the system, then you will need to select “External System Admin” as your role.

10. Click the “Save” button in the top right corner of the screen.

11. After clicking the Save button, a message will be displayed at the top of the screen notifying the user that the record was saved successfully.

12. The account has now been activated and the user is now able to login with their new password.
4.2 **Add Users to Company Account**

Once the company account has been created, the system administrator for the company account can add additional users. To add additional users to an existing external company account, follow these steps:

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td><img src="Log_In.png" alt="Company Login" /></td>
</tr>
</tbody>
</table>
| 2. Select the company type.  
**Note:** This will only be displayed if the company was created with more than one company type. |
| ![Company Login](Company_Type.png) |
| 3. Click on the “ACCT MGMT” tab at the top of the screen. |
| ![Company Login](ACCT_MGMT.png) |
| 4. Select the “Company Information” link. |
| ![Company Login](Company_Info.png) |
| 5. Scroll down to the Users grid and click the “Add” button to the bottom right. |
6. Enter the new user information.

7. Click on the “Save” button in the top right corner of the User Information page.

8. Assign the security role for the user by selecting the appropriate boxes.
9. Click on the “Save” button in the top right corner of the User Account Information page.

10. The system will display a message at the top of the screen to inform you that the record was saved successfully.

Note: Once saved, the system will send the new user their ID and a temporary password via email. Once you login with your temporary password, be sure to change it and keep a record of the new password.

4.3 User ID and Password Recovery

4.3.1 User ID Recovery Process
To retrieve a forgotten User ID and Password the process is the same for external users as well as CEC Staff. If a user forgets their User ID, complete the following steps:

**Steps to Complete Process**

1. From the Log In screen, click on “Forgot your User ID” link.

2. Enter user information and then click the “Next” button in the bottom right of the screen.
3. Answer the Security Question.

4. Click the “Save” button in the top right corner.

5. The system will display a message to let you know that your User ID request has been sent to your email.

6. System will confirm User ID retrieval and send an email to the account associated to user.

4.3.2 Password Recovery Process

When a user has forgotten their password, follow the steps below to recover it.

Steps to Complete Process

1. From the Log In screen, click on the “Forgot your Password” link.

2. Enter the User ID and the associated Email Address (created when the company account was created) and then click the “Next” button in the bottom right of the screen.
3. Answer the Security Question that was first answered when the user profile was created (see Section 4.1.3) and then click the “Save” button in the top right corner.

4. The system will confirm that a password request has been sent to the email address associated to the user account.

5. The user will receive an email with a temporary password. The user will then have to login and access the profile page to create a new password, otherwise the temporary password will be the designated password.

### 4.4 Submit Appliance Information

#### 4.4.1 Complete Delegation of Authority

To complete a delegation of authority to a third party certifier, perform the following steps. Proceed to the next section if a delegation is not needed.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.</strong> Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td><img src="image1.png" alt="Sign In" /></td>
</tr>
</tbody>
</table>
| **2.** Select the company type as Manufacturer.  
**Note:** This screen will only be displayed if the company was created with more than one company type. |
| ![Company Login](image2.png) |
| **3.** Click the “Applications” tab at the top of the screen. |
| ![Applications](image3.png) |
| **4.** Click on the “Delegation of Authority Application” link.  
**Note:** Delegation of Authority will only display as an option if the company type is “Manufacturer”. |
| ![Delegation of Authority](image4.png) |
| **5.** Click the “Search” button in the Certifying Company section to add the Third-Party Certifier information from an existing list. Enter the application information in the fields provided. |
6. Select the name of third party certifier from the company list by clicking the “Select” link to the left of the Company name.

7. Read the declaration section.

This information will be automatically populated with the company information of the logged in user.
8. Sign the declaration section.

9. Click the “Submit” button at the top right of the screen.

NOTE: When searching for a Certifying Company, that company must already have a valid/approved 3rd Party Certifier application in order for the Delegation of Authority to be accepted.

10. Once submitted, the system will display a message to inform the user that the record was saved successfully.

11. The submitted delegation of authority application will then appear under the delegations tab in the home page.
### Submit Data - Complete Declaration Page

To submit data, a declaration must first be completed by the user. To complete a declaration and to begin the appliance data submission process, follow the steps below:

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
<th><img src="image.png" alt="Image" /></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.</strong> Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
</tbody>
</table>
| ![Image](image.png) | **2.** Select the Company Type as either Manufacturer or 3rd Party Certifier.  
*Note:* This screen will only be displayed if the company was created with more than one company type. |
| **3.** Click the “Applications” tab at the top of the screen. | ![Image](image.png) |
| **4.** Select the “Submit Appliance Data” link. | ![Image](image.png) |
| **5.** Select Appliance Category, Type and Type of Entry. If your submission is a manual submission select “Manual” from the dropdown for Type of Entry. If you are submitting appliance data via excel upload, select the “Upload” option from the dropdown.  
*Note:* If the user is a 3rd Party Certifier, then they will also need to select the Manufacturer they are submitting on behalf of. | ![Image](image.png) |
| **6.** Click the “Next” button located at the bottom right corner of the Select Appliance screen. | ![Image](image.png) |
| **7.** Review the information on the Appliance Submittal Declaration screen. The Certifying Company information will be prepopulated with the third party certifier information entered in section 4.4.1. | ![Image](image.png) |
8. Click the “Add” button located at the bottom right of the Test Laboratory grid. Check the box if submitting appliances to “Delete” in this scenario, there will be no need to add approved Test Labs to the declaration page.
9. Click the “Search” button in the center of the screen to select an approved Test Lab.

10. Enter search criteria to narrow down results and click the “Select” link next to the desired Test Lab.

11. Select the “Test Methods Performed” and then click the “Next” button to see the selected test lab and test method listed on the Appliance Submittal Declaration screen.

The selected test lab will appear on the declaration page as shown below:
12. Enter declaration information at the bottom of the page and then click the “Next” button.

### 4.4.3 Manually Enter Appliance Data
After completing an appliance submittal declaration, to submit appliance data manually, follow these steps:

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.</strong> When completing the appliance submittal declaration check that “Type of Entry - Manual” was chosen in the dropdown menu. This will prompt the manual form of entry for the selected appliance type when the user selects “Next” from the declaration page.</td>
</tr>
<tr>
<td><strong>2.</strong> Enter appliance information on detail page by selecting values from the dropdown menus and/or entering values in the text box fields.</td>
</tr>
<tr>
<td><strong>3.</strong> Click the “Save” button.</td>
</tr>
<tr>
<td><strong>4.</strong> If you wish to add additional models to the Appliance Data List, click the “Add” button located at the bottom right corner of the Appliance Data List grid. Click the “Next” button in the bottom right corner of the Appliance Data List screen to proceed to the Results screen which displays passed and failed models.</td>
</tr>
</tbody>
</table>
5. Enter the Certification Date and then click the “Submit” button in the top right corner.

6. Once submitted, the system will display a message at the top of the screen informing the user that the record was saved successfully.
4.4.4 Excel Upload Appliance Data
To submit appliance data via an Excel upload, follow the steps below:

**Steps to Complete Process**

1. During completion of the appliance submittal declaration check that “Type of Entry- Upload Excel” is chosen in the dropdown menu. This will prompt the upload entry for the selected appliance type when the user selects “Next” from the declaration page.

2. Click the “Browse/Choose File” button and select the file to upload.

   **NOTE:** Model data must be processed and added to the database prior to submitting a change or delete request.

3. Select the Excel file from your computer and click the “Open” button.

4. Click the “Next” button in the bottom right corner of the Upload Document screen.

5. The list of models from the Excel spreadsheet should display on the Appliance Data List screen. Click the “Next” button in the bottom right corner of the Appliance Data List screen to proceed to the Results screen which displays passed and failed models.
NOTE: Only one excel file can be uploaded at a time. To add additional models to a spreadsheet, re-upload the excel sheet or add models manually.

6. Enter the Certification Date and then click the “Submit” button in the top right corner.

7. Once submitted, the system will display a message at the top of the screen informing the user that the record was saved successfully.

8. The user will then receive a confirmation email once data has been submitted stating the following:

   Your appliance data certification submission has been received. Your submittal # SUB725. You will receive a response within 30 days. For assistance, please email appliances@energy.ca.gov or call 1-800-XXX-XXXX.
4.4.5 Review Validation Results

Steps to Complete Process

1. Once data has been entered into the system either manually or by Excel upload, the system will validate the data and display appliance models that have passed and failed validation.

<table>
<thead>
<tr>
<th>Appliance Type</th>
<th>Manufacturer</th>
<th>Brand</th>
<th>Model #</th>
</tr>
</thead>
<tbody>
<tr>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST61</td>
</tr>
<tr>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST63</td>
</tr>
<tr>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST66</td>
</tr>
<tr>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST68</td>
</tr>
<tr>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST70</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Failed</th>
<th>Appliance Type</th>
<th>Manufacturer</th>
<th>Brand</th>
<th>Model #</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select</td>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST52</td>
</tr>
<tr>
<td>Select</td>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST55</td>
</tr>
<tr>
<td>Select</td>
<td>AudioVideo</td>
<td>AmitTestExternal</td>
<td>Antique</td>
<td>TEST57</td>
</tr>
</tbody>
</table>

2. Users can click the “Select” link next to a failed model to manually edit the entry.

Note: If a large number of items have failed, it may be easier to review the list of failure reasons by category. Click the link “View Failure Reasons by Category” to view a complete list of failures that are sorted by reason for failure.

3. Another option to edit appliance data is to click “Re-Upload” to re-upload a corrected spreadsheet after editing failed models.

4. Once all models have passed validation, enter the certification date and then click “Submit” to send data to CEC for processing.

Note: The “Submit” button will only appear if all models have passed.
5. Once submitted, the system will display a message at the top of the screen informing the user that the record was saved successfully.

NOTE: Once data has been submitted, the user can no longer make changes to data. If the submittal is rejected or specific models fail, they will have to complete the appliance data submission process again.

6. The user will then receive a confirmation email once data has been submitted stating the following:

   Your appliance data certification submission has been received. Your submittal # SUB725. You will receive a response within 30 days. For assistance, please email appliances@energy.ca.gov or call 1-800-XXX-XXXX.

7. Once the user logs in after submitting appliance data, the status of the submittal will be listed in the “Submittals” tab on the company home page. The status will be set to “Pending Review” after initial submission and is now awaiting CEC staff approval.
8. Once CEC staff processes the submittal the status will display as “Processed” in the company home page. The user is able to sort by status by selecting “Submittal Status” and clicking the “Search” button. If the submittal is in this status, this confirms that the processed appliance data is now searchable in the database.

9. Any notifications sent from the system to the user will be displayed in the “Notifications” tab accessed from the company home page.
4.5 Submit Approval Application

4.5.1 Submit Test Laboratory Approval Application Process
To submit a test lab application, follow these steps:

**Steps to Complete Process**

1. Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Select the company type as Test Lab.
   **Note:** This screen will only be displayed if the company was created with more than one company type.

3. Once logged in to the Test Lab homepage, click the “Applications” tab at the top of the screen.
Steps to Complete Process

4. Click on the “Test Laboratory Application” link.

5. Verify that the information on the Test Lab application is correct.

Note: The application will auto populate with the company information of the logged in user.

6. Click the “Add” button to the bottom right of the Appliance Type and Test Method Selection grid.

### Steps to Complete Process

7. Select appliance category, type and test methods being used.  
Note: Continue this same process to add additional test methods to appliances.

8. Click the “Next” button in the bottom right corner of the screen.

9. Upload any additional documents by clicking the “Upload Documents” button.

10. From the document list, click on “Add Document” to upload a document to associate to the application.

1. Click the “Browse/Choose File” button and select the file to upload.

2. Select the Excel file from your computer and click the “Open” button.
Steps to Complete Process

3. Click the “Next” button in the bottom right corner of the Upload Document screen.

4. The document will now appear in the document list. Select “Next” to return to the application.

Document List

<table>
<thead>
<tr>
<th>Document Name</th>

</tr>
</thead>
<tbody>
<tr>
<td>L&amp;L orders_04292015093921.xlsx</td>
<td>04/29/2015</td>
</tr>
</tbody>
</table>

5. The uploaded document now appears in the “Documents” section of the application.

6. Once all information has been entered click the “Submit” button.
Steps to Complete Process

7. Once the application is submitted, the system will display a message at the top of the screen to let the user know the record was saved successfully.

8. The user will also receive a confirmation email.

Your application has been received. Your Application Type is Test Lab Application and your application number is APP138. You will receive a response within 30 days. For assistance, please email applancer@energy.ca.gov or call 1-800-XXX-XXXX.

9. The user can check the application status and review the submitted application in the Test Laboratory Home Page under the Applications tab.

4.5.2 Submit Third Party Certifier Application
To submit a third party certifier application, follow these steps:

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
</tbody>
</table>

Note: This screen will only be displayed if the company was created with more than one company type.

<table>
<thead>
<tr>
<th>2. Select the company type as 3rd Party Certifier.</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>3. Click the “Applications” tab at the top of the screen.</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>4. Click on the “Third Party Certifier Application” link.</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>5. Confirm that the listed Certifying Company Information is correct.</th>
</tr>
</thead>
</table>

Note: The application will auto populate with the company information of the logged in user.
**Steps to Complete Process**

**California Appliance Efficiency Program 2015 Third Party Certifier Application**

**Instructions**
- Please allow at least four weeks during the heavy renewal period (November-March) before contacting us regarding your application.

**Company Information**
- **Certifying Company Name**: AmiTestExternal
- **Address 1**: Addr1
- **City**: City
- **State**: State
- **ZIP/Postal Code**: 95747
- **Country**: USA
- **Company Website (URL)**: URL

**Certifier Type**
- [ ] Appliance Manufacturer Trade Association
- [ ] Appliance Test Laboratory
- [ ] Appliance Brand Holder or Importer
- [ ] Manufacturer
- [ ] Other

6. Mark each applicable checkbox for the Certifier Type.

11. Upload any additional documents by clicking the “Upload Documents” button

18. Once all information has been entered click the “Submit” button.

California Appliance Efficiency Program 2015 Third Party Certifier Application

Instructions
Please allow at least four weeks during the heavy renewal period (November-March) before contacting us regarding your application.

Company Information

19. Once the application is submitted, the system will display a message at the top of the screen to let the user know the record was saved successfully.

California Appliance Efficiency Program 2015 Third Party Certifier Application

Record saved successfully. The application number is: APP144

20. Once the application has been submitted, the user will also receive a confirmation email.

Your application has been received. Your Application Type is 3rd Party Certifier Application and your application number is APP140. You will receive a response within 30 days. For assistance, please email appliances@energy.ca.gov or call 1-800-XXX-XXXX.
4.6 Review Submitted Information
After applications and data have been submitted, follow the steps below to review the submitted information:

**Steps to Complete Process**

1. Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

   ![Log In]

   Note: Once logged in, the grids on the Home Page will display submittals.

2. Select the company type associated to the submittal(s) you wish to view.

   **Note:** This screen will only be displayed if the company was created with more than one company type.

   ![Company Login]

   The 3rd Party Certifier Home Page, Manufacturer and Test Laboratory Home Page allows a user to check statuses of Data Submittals, 3rd Party Approval Applications, Delegations and view any notifications that have been sent to the user by navigating through each tab.

   ![Submittals]

   ![Notifications]
4.7 Public Search for Information

4.7.1 Company Search
To conduct a search for CEC approved companies, a company account is not needed. This feature can be accessed from the login page and is open to the general public.

**Steps to Complete Process**

1. From the login page click the “Search” button located under Third Party and Test Laboratory Approvals header.

2. Enter search parameters in the fields provided and then click the “Search” button to the right. The system will display search results based on the criteria provided.
4.7.2 Appliance Quick Search
The appliance search allows the public to search for and view detailed appliance data.

Steps to Complete Process

1. Click the “Appliance Search” button located under the Public Search header on the login screen.

2. Enter the appliance search parameters and then click the “Search button.

3. The system will display results based on the criteria provided.

4.7.3 Appliance Advanced Search

Steps to Complete Process

1. From the Login page click the “Appliance Search” button.

2. Click the “ACCT MGMT” tab in the top menu.
3. Select the “Advanced Search” link.

4. Select the Appliance Type. Once the Appliance Type is selected additional filters and fields will be made available to create a more detailed search.

5. Enter the remaining search criteria and then click the “Search” button at the bottom of the screen to display your search results.

6. The system will display results based on the criteria provided.
4.7.4 **Compare Appliance Models**
Using the appliance search, a user is able to compare appliance data for up to 5 models at once.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Click the “Appliance Search” button located under the Public Search header on the login screen</td>
</tr>
<tr>
<td>2. Enter appliance search parameters</td>
</tr>
<tr>
<td>3. Click the “Search” button and the system will display results based on the criteria provided.</td>
</tr>
<tr>
<td>4. Place a checkmark in the boxes of the appliances to be compared and then click the “Compare” button.</td>
</tr>
</tbody>
</table>
Steps to Complete Process

Note: Not all appliance types are available for comparison. A user can only compare 5 appliance types at a time.

5. The system will display appliance model information side-by-side for comparison.
4.7.5 Export Data

Users will have the option to export data to a CSV or Excel file. This includes data from a company search or advanced search.

1. Select the “Advanced Search” link or the “Search Company” link.

2. Enter search parameters in the fields provided and then click the “Search” button to the right. The system will display search results based on the criteria provided.

3. Click either the Excel icon or the CSV icon at the top right of the search result grid. Note: The system will automatically export the data to the selected file type and should be available in your download folder.

4. Double-click the downloaded item to open the exported file to view results.
4.8 Account Management (Internal)

4.8.1 Staff Account Approval
CEC staff must approve all new company account requests. Once a request has been submitted, staff may access the request through the Staff Home Page, view the new company information and either approve or reject the account request.

**Steps to Complete Process**

1. Enter Internal Staff User ID, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click the “Account Approvals” tab on the home page.

3. Click the “Select” link next to the company to be reviewed.

4. Review the company information and then select “Approved” from the Company Status dropdown and enter an “Effective Date” to approve the account request.
5. Click the “Save” button in the top right corner of the screen.

6. After clicking save, the system will display a message at the top of the screen to inform the user of the fact that the record was saved successfully.

**Note:** The system will generate an automatic account confirmation email and send it to the new user along with a temporary password for them to login to the system.

---

### 4.8.2 Search for and Edit User Information

To edit a current user’s information, staff logs into the system and searches for a user, opens their existing user detail, makes changes and selects save.

#### Steps to Complete Process

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td>2.</td>
<td>Click the “ACCT MGMT” tab in the top menu.</td>
</tr>
<tr>
<td>3.</td>
<td>Click on the “Search User” link.</td>
</tr>
<tr>
<td>4.</td>
<td>Enter user information and then click the “Search” button.</td>
</tr>
</tbody>
</table>
5. Click the “Select” link to the left of the user’s name to view the user information detail.

<table>
<thead>
<tr>
<th>User Name</th>
<th>FirstName</th>
<th>LastName</th>
<th>Company</th>
<th>Role</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sue Orazil</td>
<td>SUE</td>
<td>Orazil</td>
<td>United States ThermoAmp Inc</td>
<td>External System Admin</td>
<td>User Added, but not an authorized user</td>
</tr>
<tr>
<td>Tim Marbach</td>
<td>Tim</td>
<td>Marbach</td>
<td>California State University Sacramento</td>
<td>User Added, but not an authorized user</td>
<td></td>
</tr>
</tbody>
</table>

6. Make changes to user information as needed and then click the “Save” button in the top right corner.

7. If needed, make changes to the user role and then click the “Save” button in the top right corner.

8. After clicking “Save”, the system will display a message stating that record was saved successfully.
4.8.3  Add User to an Existing Company

Once the company account has been created, internal staff can add additional users to the account when requested. This is done by navigating to the account management tab to add users to the account. The system then sends an email to the new user notifying them of their account information and instructing them to login and complete the user registration process.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Enter the User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td>2. Click on the “ACCT MGMT” tab at the top of the screen.</td>
</tr>
<tr>
<td>3. Select the “Search Company” link.</td>
</tr>
<tr>
<td>4. Search for the company and click the “Select” hyperlink.</td>
</tr>
<tr>
<td>5. Scroll down to the Users grid and click the “Add” button to the bottom right.</td>
</tr>
</tbody>
</table>
6. Enter the new user information and then click the “Save” button in the top right corner.

7. Assign the security role for the user by selecting the appropriate boxes and then click “Save” in the top right corner.

8. The system will display a message stating that the record was saved successfully.

9. Click the “Go Back” button in the top right corner to return to the company information detail screen.
10. Click the “Save” button in the top right corner of the User Information page.

Note: Once saved, the system will display a message at the top of the screen and will send the new user their ID and a temporary password via email.

### 4.9 Staff Entry of Submittal Information

#### 4.9.1 Search and Edit Company Information

To search for and edit company information, follow the steps below:

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Enter staff User ID and Password, and then click the “Sign In” button.</td>
</tr>
<tr>
<td>2. Click on the “ACCT MGMT” tab at the top of the screen.</td>
</tr>
</tbody>
</table>
Steps to Complete Process

3. Select the “Search Company” link.

4. Enter search criteria and then click the “Search” button.

5. Click the “Select” link to the left of the desired Company.

6. Enter company information and then click the “Save” button in the top right corner of the screen.
4.9.2 Add a New Company

If the company is new and does not have an existing account with the CEC, staff users will follow these steps before beginning an approval application:

Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “ACCT MGMT” tab at the top of the screen.
3. Select the “Search Company” link.

4. Enter the name of the company in the “Company Name” search field and then click the “Search” button on the right of the screen.

5. If the company does not display, then click the “Add” button in the bottom right of the screen.

6. Enter new company information into the provided fields and then click the “Create User” button in the bottom right corner of the screen.

Note: A company cannot be created without also creating a user associated to the company.
7. Enter the user information and click “Save”.

NOTE: Once a user is created they will be emailed a temporary password and User ID. They will then need to complete the new user account creation process.
4.9.3 Entry of 3rd Party Application Information

In this scenario, CEC staff enters new application information on behalf of the company by selecting the type of application and entering company information.

Note: The company and contact information need to exist in the system before the application can be completed. To search for and add a new company, please see section 4.9.1 and 4.9.2.

---

**Steps to Complete Process**

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click the “Applications” tab at the top of the screen.

3. Click on the “Third Party Certifier Application” link.

4. Click the “Search” button in the Company Information section to search through Third Party Certifiers.

5. Select name of company from the company list by clicking the “Select” link to the left of the Company name.

6. Click the “Search” button in the Contact section to search for the Contact Person and their information.
7. Select the Contact by clicking on the “Select” link to the left of the Contact User Name.

8. Place a checkmark next to the applicable Certifier Type(s).

9. Mark the Declaration checkboxes and enter the appropriate Name, Title and Declaration Date.

10. Select the Application Status from the dropdown menu. Enter the Received Date and Effective Date.

11. Click the “Submit” button at the top right corner of the screen.

Note: The submitted application should now be viewable in the Staff Home Page and the Company’s Home Page.
4.9.4 Entry of Test Laboratory Application Information

Note: The company and contact information need to exist in the system before the application can be completed. To search for and enter a new company, please see section 4.9.1 and 4.9.2.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td>2. Click the “Applications” tab at the top of the screen.</td>
</tr>
<tr>
<td>3. Click on the “Test Laboratory Application” link.</td>
</tr>
<tr>
<td>4. Click “Search” button to search through Test Laboratories.</td>
</tr>
<tr>
<td>5. Select name of company from the company list by clicking the “Select” link to the left of the Company name.</td>
</tr>
<tr>
<td>6. Click the “Search” button in the Contact section to search for the Contact Person and their information.</td>
</tr>
<tr>
<td>7. Click the “Search” button in the Contact section to search for the Contact Person and their information.</td>
</tr>
</tbody>
</table>
8. Click the add button to the bottom right of the Appliance Type and Method Selection section grid.

9. Select the Appliance Category and Type from the dropdown menus and then place a checkmark next to the applicable Test Methods.

10. Click the “Next” button at the bottom right of the screen.

11. Mark the Declaration checkboxes and enter the appropriate Name, Title and Date.

12. Select the Application Status from the dropdown menu. Enter the Received Date and Effective Date.
13. Scroll to the Documents section of the application page and click on the “Upload Documents” to the bottom right of the documents grid.

14. Click the “Add” button at the bottom right corner of the Document List page.

15. Click the “Choose File” button to select a file to upload.
   Note: Once uploaded, the name of the file will appear in the field.

16. Click “Next” to view the document in the document list.

17. Click “Next” to return to submitting the application.

18. Click the “Submit” button at the top right corner of the screen.
4.9.5 Entry of Appliance Data
Follow the steps below to have staff users submit appliance data on behalf of a company.

Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Applications” tab at the top of the screen.

Note: The submitted application should now be viewable in the Staff Home Page and the Company’s Home Page.
3. Click on the “Submit Appliance Data” link.

4. Select the Appliance Category, the Appliance and the Type of Entry. If “Manual” is selected, the user will have to manually enter appliance data, if “Upload” is selected the system will prompt the user to upload an excel file.

5. Click the “Next” button on the right side of the screen.

6. On the appliance declaration page, click the “Search” button to find the company for whom you are submitting an application.

7. Select name of company from the company list by clicking the “Select” link to the left of the Company name.

8. Click the “Search” button in the Contact section to search for the Contact Person and their information.

9. Select name of company from the company list by clicking the “Select” link to the left of the Company name.

10. Click the “Search” button in the Manufacturer section to add a manufacturer different from the certifying party.

11. Click the “Select” link next to the name of the Manufacturer.
12. Click “Add” below the Test Lab grid to add a CEC approved Test Lab

<table>
<thead>
<tr>
<th>Name</th>
<th>Test Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>State TestLab</td>
<td>IEC 62087:2002(E)</td>
</tr>
</tbody>
</table>

13. Click the “Search” button next to the Test Laboratory Name field.

14. Enter search criteria in the Company Search section and then click “Search” to display a list of Test Labs to select from.

15. Click the “Select” link to the left of the desired Test Lab.

16. Mark the applicable test methods.
17. Click the “Next” button in the bottom right corner of the screen.

18. Enter the appropriate Name, Title and Date and then click the “Next” button in the bottom right corner.

**Declaration**

1. All the information in this statement is true, complete, accurate, and in compliance with all applicable provisions of Sections 1601 – 1608 of Title 20 of the California Code of Regulations.
2. Units of each basic model of appliance for which certification is requested have been tested in accordance with all applicable requirements of Sections 1603 – 1604 of Title 20 of the California Code of Regulations.
3. Section 1606(g) of Title 20 of the California Code of Regulations have been and are being complied with.
4. All units manufactured, distributed or otherwise intended for sale within the State of California have been and are being marked as required by Section 1607 of Title 20 of the California Code of Regulations.
5. The (i) manufacturer’s name or brand name or trademark, (ii) model number, and (iii) date of manufacture are permanently, legibly, and conspicuously displayed on an accessible place on each unit.
6. The appliance complies with the applicable energy efficiency, energy consumption, energy design, water efficiency, water consumption, and water design standards in Sections 1605.1, 1605.2, and 1605.3 of Title 20 of the California Code of Regulations.

**Name**

**Title**

**Date**

---

Note: If “Manual” entry was selected the system will display an appliance detail page- refer to Submit Appliance Data – Manual Entry process in 4.4.2.1

---

Note: If “Upload” entry was selected the system will display a document upload page, refer to the Submit Appliance Data – Excel Upload process in 4.4.2.2

---

NOTE: Model data must be processed and added to the database prior to submitting a change or delete request.
4.10 Staff Processing of Submittals & Applications

4.10.1 3rd Party Approval Applications
Follow the steps below for staff users to process a 3rd Party Certifier Application. Once the application is processed, the system will automatically send an email to the company, once the status is updated and saved.

Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. From the staff homepage, click the “Applications” tab to review a list of applications that need processing.

3. Click the “Select” link next to the application to review.

4. Review the Application information and then scroll to the bottom of the application and select the appropriate status from the Application Status dropdown menu.
5. Click the “Save” button in the top right corner to save changes to the application.

6. Once saved, the system will display a message stating that the record was saved successfully.
4.10.2 Test Lab Approval Applications
Follow the steps below for staff users to process a Test Laboratory Application. Once the application is processed, the system will automatically send an email to the company, once the status is updated and saved.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.</strong> Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td><strong>2.</strong> Click the “Applications” tab to review a list of applications that need processing.</td>
</tr>
<tr>
<td><strong>3.</strong> Click “Select” next to the application in order to view application details.</td>
</tr>
<tr>
<td><strong>4.</strong> Review the Application information and then scroll to the bottom of the application and select the appropriate status from the Application Status dropdown menu.</td>
</tr>
<tr>
<td><strong>5.</strong> Click the “Save” button in the top right corner to save changes to the application.</td>
</tr>
<tr>
<td><strong>6.</strong> Once saved, the system will display a message stating that the record was saved successfully.</td>
</tr>
</tbody>
</table>
4.10.3 Appliance Data

Staff will access data submittals from the Staff Home page. The submittal detail page will display a grid of all passed models and a grid of models that have failed validation. Staff will review the submittal information and update the status accordingly (e.g. Processed/Re-Validate). If all of the models have passed validation, the appliance data notification email will automatically be sent by the system when the status is updated and saved. If there is at least one model that failed, staff will need to generate, review, edit and send the appliance data notification email.

For submittals with a status of “re-validate”, the system will re-run 2nd stage validation rules and display the results in the Inbox on the Staff home page for processing.

**Steps to Complete Process**

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. From the home page, click the “Submittals” tab to review a list of appliance data submittals that need processing.

3. Click “Select” next to the application in order to view application details.

4. Review the Submittal information and then scroll to the bottom of the Submittal screen. Select the appropriate status from the Submittal Status dropdown menu and enter the Effective Date and other applicable information.
5. Users can draft the email to the company, citing reasons why the submittal was rejected and then click the “Send Email” button.

6. Click the “Go Back” button in the top right corner.

7. Click the “Save” button in the top right corner to save changes to the application.

8. Once saved, the system will display a message stating that the record was saved successfully.

4.11 Validation Rules

The business rule engine is accessed by CEC staff who have obtained specific security privileges to add and edit validation rules. Most of these changes can be made via the user interface, but for more complex changes, the IT department must be contacted (this will be described in further detail in upcoming sections). To make simple changes to rules such as decision order, a change in a value or operator for a specific rule, complete the steps outlined below.

4.11.1 View Decision Order

The Decision Order for an appliance type indicates the way the order in which the system reads each column of appliance data entered into the system. MAEDBS utilizes decision order to determine which combination of data matches a specific validation rule. This aspect of the Business Rule Engine will rarely need to be updated, only in cases where there are additional columns added to validation rules, new policy or an updated standard that needs to be used in matching appliance data to a specific validation rule.
Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Validations” tab in the top menu.

3. Click “View Decision Order”

4. Select the Category and Appliance from the dropdown to view the decision order for the selected appliance. Make any updates by entering a corresponding number (i.e. 1, 2, 3) and click the “Save” button.

5. After clicking “Save” a message will be displayed near the top of the screen that lets the user know the decision order information was saved successfully.
4.11.2 Add a Group
Each validation rule belongs to a rule group which will be listed as i.e. Import Template line 1, Validation Line 1. Once a rule group has been added, users will not be able to delete an entire grouping from the list manually but there will be an option to set an end date for a rule group which will render it archived. This archived rule group will still display in the rule group list. If users wish to remove the rule group from the listing completely, they must contact IT to have it permanently deleted. To add a rule group, complete the steps below.

**Steps to Complete Process**

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Validations” tab in the top menu.

3. Click “View Business Rules”

4. Select the Appliance Category and Type from the dropdown menus.

5. Click on the “Add Group” link at the bottom right of the Groups grid.
6. Enter new Business Rule Group information in the fields provided.

7. Click the “Save” button in the top right corner.

Note: After clicking “Save” you will return to the View Business Rules screen where the newly added group will be displayed in the List of Groups. The system will now allow additional rules to be added to the rule group.

4.11.3 Edit an Existing Group

Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Validations” tab in the top menu.

3. Click “View Business Rules”
4. Select the Appliance Category and Type from the dropdown menus.

5. Click on the “Edit” link to the left of the Group that is to be edited.

6. Change the Business Rule Group information as needed.

7. Click the “Save” button in the top right corner.

Note: After clicking “Save” you will return to the View Business Rules screen where you will see the newly edited group information displayed in the List of Groups.

4.11.4 Add a Rule
To edit validation rules, staff will login and navigate to the validation rules page. Staff will be able to edit current validation rules or create new ones if appliance standards have changed. There will also be an option to archive previous validation rules if necessary by using the end date function.

Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.
2. Click on the “Validations” tab in the top menu.

4. Select the Appliance Category and Type from the dropdown menus.

5. Click the “Select” link to the left of the Group to which a rule will be added.

6. Click on the “Add Rule” hyperlink located at the bottom right of the Rules grid.

7. Enter the new rule information in the fields provided and then click the “Save” button in the top right corner.
8. After clicking “Save” a message will be displayed near the top of the screen that lets the user know the new business rule was saved successfully.
### 4.11.5 Edit a Rule

#### Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Validations” tab in the top menu.

3. Click “View Business Rules”

4. Select the Appliance Category and Type from the dropdown menus.

5. Click the “Select” link to the left of the Group to which a rule will be added.

6. Click on the “Select” hyperlink located to the left of the desired rule.

7. Enter the changes to the rule information and then click the “Save” button in the top right corner.
8. After clicking “Save” a message will be displayed near the top of the screen that lets the user know the newly edited business rule was saved successfully.

4.12 Master Data Update
This section allows staff users to add additional lookup values that are utilized in MAEDBS which is displayed as data in dropdown menus. While staff users are able to add values, they are not able to delete from the user interface and will need to contact IT for any permanent deletion of lookup values. To make changes to existing lookup values or to add a new lookup value complete the steps below.

4.12.1 Edit Master Data

Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Validations” tab in the top menu.

3. Select the “Master Data Update” link.
4. Select a Lookup Name from the dropdown menu.

5. Click the “Select” link next to the Lookup Value to be edited.

6. Change the Lookup Value information as needed and then click the “Save” button in the top right corner of the screen.

Note: After clicking “Save” you will return to the “View or Update Lookup Data” screen where you will see the newly edited master data displayed in the Lookup Value list.
4.12.2 Add Master Data

**Steps to Complete Process**

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click on the “Validations” tab in the top menu.

3. Select the “Master Data Update” link.

4. Select a Lookup Name from the dropdown menu.

5. Click on the “Add Lookup Value” hyperlink located at the bottom right corner of the Lookup Value grid.

6. Enter the new Lookup Value information and then click the “Save” button in the top right corner.

Note: After clicking “Save” you will return to the “View or Update Lookup Data” screen where you will see the new lookup value displayed in the Lookup Value list.
### Generate Reports
To generate a canned report staff logs in to the system and navigates to the reports tab. The user can select the type of report they wish to generate. Once the type of report is selected, staff can enter report parameters and the system will then generate the report.

<table>
<thead>
<tr>
<th>Steps to Complete Process</th>

</thead>
<tbody>
<tr>
<td><strong>1.</strong> Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.</td>
</tr>
<tr>
<td><strong>2.</strong> Click the “Reports” tab</td>
</tr>
<tr>
<td><strong>3.</strong> Select the report to generate by clicking the hyperlink</td>
</tr>
</tbody>
</table>
### Create Enforcement File

Once staff receives a compliance concern they will log into the system to create a new enforcement file. A user is able to link one or more manufacturers, appliance listings, test labs or certifiers to one file. The user is then able to append any notes associated with the compliance concern to the enforcement file.

#### Steps to Complete Process

1. Enter the CEC staff User ID and Password, check the Conditions of Use and Privacy Policy box and then click on the “Sign In” button.

2. Click the “ENFORCEMENT” tab in the top menu.

3. Click on the “Enforcement List Search” link.

4. Click the “Add” button located at the bottom right of the enforcement search grid.
5. Enter enforcement information on enforcement file detail page.

6. Scroll down to the document section and click on the “Upload Documents” button to the bottom right of the document grid.

7. Click the “Add” button.
8. Click the “Choose File” button and select file to upload.

9. Select the document and click on the “Open” button in the bottom right corner.

10. When the file displays in field, click “Next”.

11. Click the “Next” button to return to the enforcement file with the newly added documents.

12. Click “Save” to save enforcement file with attached documents.
4.14 Mobile Appliance Search

4.14.1 Appliance Search
To conduct a mobile appliance search and to view individual appliance data complete the following steps:

1. After accessing the site from your mobile device, the mobile home page will display select “Appliance Search”
2. The system will then navigate to the mobile appliance search screen.

3. Enter the search criteria and click the “Search” button
4. Search results will display on the following page.

5. Click on the model number link to view the full list of unique model data.
6. Use the “Next” button to view additional search results if applicable. Use the “Previous” button to view the previous page.
7. After selecting the model number, the following page will display all data associated to that specific model.

<table>
<thead>
<tr>
<th>Model: LXA1230AX</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Manufacturer:</strong> LG ELECTRONICS, INC.</td>
</tr>
<tr>
<td><strong>Brand:</strong> LG</td>
</tr>
<tr>
<td><strong>Regulatory Status:</strong> Federally-Regulated Consumer Product</td>
</tr>
<tr>
<td><strong>Add Date:</strong> 9/21/2001</td>
</tr>
<tr>
<td><strong>Appliance Status:</strong> Approved</td>
</tr>
<tr>
<td><strong>Heating Capable:</strong> None</td>
</tr>
<tr>
<td><strong>Cooling Input Watts:</strong> 1330</td>
</tr>
<tr>
<td><strong>Room AC Type:</strong> Room Air Conditioner</td>
</tr>
<tr>
<td><strong>Energy Efficiency Ratio (EER):</strong> 9</td>
</tr>
<tr>
<td><strong>EERStd:</strong> 8.5</td>
</tr>
<tr>
<td><strong>Phase:</strong> 1</td>
</tr>
<tr>
<td><strong>Cooling Output BTUH:</strong> 12000</td>
</tr>
<tr>
<td><strong>Voltage:</strong> 230</td>
</tr>
<tr>
<td><strong>Louveres?:</strong> False</td>
</tr>
</tbody>
</table>
8. After viewing appliance data, select the “Search Results” button to view search results or select “Home” to navigate back to the mobile home page.
4.14.2 Search Filters
In addition to searching by model number or manufacturer, a user is able to search using filters. The mobile display allows the use of filters to narrow search results. To use filtering follow the steps below:

1. In this example, we will search broadly, entering i.e. Samsung in the search field and clicking “Search”.

2. The number at the top is quite large as the system has retrieved 1,688 total records (number listed at the top) that contain the word “Samsung”. Click “Filters” located at the top right of the screen.
3. There are options to filter by Appliance Status, Appliance Type and Add date range. The “Reset Filters” button will clear all currently selected filters and the “Apply” button will apply selected filters.
4. In this example, we will filter by appliance type, i.e. Televisions. Click the “Select Appliance Type” filter.

5. Click on the dropdown to view a list of appliance types to choose from.
<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
</table>
| 6. | From the dropdown list that displays, select “Televisions”.

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td>Non-Commercial Refrigerators</td>
<td></td>
</tr>
<tr>
<td>Ceiling Fan Light Kit</td>
<td></td>
</tr>
<tr>
<td>Plumbing Fixtures</td>
<td></td>
</tr>
<tr>
<td><strong>Televisions</strong></td>
<td></td>
</tr>
<tr>
<td>Infrared Heaters</td>
<td></td>
</tr>
<tr>
<td>Computer Room Air Co.</td>
<td></td>
</tr>
<tr>
<td>Mini-Tank Electric Water Htrs.</td>
<td></td>
</tr>
<tr>
<td>Evaporatively-Cooled Air Co.</td>
<td></td>
</tr>
<tr>
<td>Large &amp; Very Large Heat Pumps</td>
<td></td>
</tr>
</tbody>
</table>

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>7.</td>
<td>Once the appliance type is selected the name will appear in the dropdown. Click “Back” when finished.</td>
</tr>
</tbody>
</table>

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>
8. On the next page, click “Apply”
9. After clicking “Apply” the next page will display the home screen with the original search criteria, in this case “Samsung”. Click the “Search” button to run the search with the newly added filter.

10. Now, the results that display are narrowed down by Appliance Type- Televisions by Samsung, yielding a fewer number of results, 507. To apply additional filters, follow the same process for each.
4.14.3 Compare Models
After conducting an appliance search, the user has an option to compare model data for up to two appliances. To select and compare two appliance models complete the following steps:

1. After conducting an appliance search and viewing the results list, select the checkbox next to the appliances for comparison.
2. Once two appliances have been selected, click on the “Compare” button located on the bottom of the screen.
3. The display will then show the appliance data for the selected models. After viewing the appliance data, click on “Search Results” to navigate back to the search results page or click on “Home” to navigate back to the mobile search home page.
